

CHURCH UNION IS ENDORSED

Members of Presbyterian and Methodist Congregations Cast Unanimous Vote

The Union Church in Sidney will soon be an accomplished fact. By a unanimous vote, which took place during the past week, the members of the Presbyterian and Methodist Churches in this district voted to amalgamate, the ballot being 62 for and none against. The adherents of the two churches were nearly all of the same mind, the vote for these being 52 for and 5 against.

The counting of the ballots and arranging plans for the future was the main matters under discussion at the meeting held in St. Paul's Presbyterian Church last Monday evening, when there was a good attendance of both congregations.

Mr. J. T. Taylor occupied the chair and the meeting opened with a hymn and prayer. The chairman then stated the object of the meeting, and the counting of the ballot proceeded.

Upon the result of the ballot being announced there was a general manifestation of pleasure by the audience, and quite a number took advantage of the opportunity to express the pleasure which the result of the ballot had given them.

It was decided by motion that the new services of the Union Church commence the first Sunday in November, and in addition to this it was decided to hold a social at the Church on the evening of Monday, Nov. 8, when it is expected that a large number will be present. This will be both a social and business meeting, it being decided that a board of control, composed of members of each congregation, shall be elected at this time.

It was also decided that as many members of the governing bodies of both churches should meet the two Saanich boards with a view to arranging matters relative to services, etc.

A meeting of the joint board of management will be held at an early date, when several minor details will be taken up and discussed.

A vote of thanks was extended to Mr. Taylor for his able services as chairman, to which he briefly replied.

The meeting was brought to a close with prayer and the singing of the Doxology.

When the next meeting is held it will be as members of the Union Church of Sidney.

botham, whom we regret to say has been ill for many weeks.

Mr. and Mrs. Leonard Higgs, from South Pender, have returned from their trip up the West Coast.

Mrs. Eustace Maude received a letter last week containing news of the Rev. and Mrs. DesBarres. They had been staying in Ware, Hertfordshire. There was a rumor that Mr. DesBarres might accept the rectorship of the Parish Church of Ware, on the Rev. Canon Reid's retirement. Ware is the noted town of the famous ride of the renowned "Johnny Gilpin." The church is a very fine specimen of Ecclesiastical architecture.

Mr. and Mrs. Duncan McKay have returned from the United States and have taken up their residence on the Mainland.

Mr. Hawthorne came up from Victoria on the Island Princess last week.

Mr. Hunter Jack sent off a consignment of tomatoes today.

Mr. Georgeson, of Active Pass lighthouse, tells us that for the last twelve years he has smoked and made his own tobacco, growing the leaf and curing it himself. He says this year it has reached perfection. I am quite sure Mr. Georgeson will pass on his recipe to any Islander wishing for the same. It seems a pity not to take advantage of his kind offer when tobacco is so expensive.

Mr. Dalton Deacon has returned from a pleasant holiday spent in New Westminster.

A complete new wharf is under construction at the moment. The government pile-driver is here with a full crew, and it is hoped the work will be completed within the next ten days. We hear the estimate is \$4,500.

The members of the Mayne Island Club are hoping to have an orchestra this winter, under the supervision of Mr. Bert Emery. Mr. A. Georgeson, Mr. Neal and Mr. Bjornfeldt have already joined.

Mr. and Mrs. Harold Payne sailed up to Point Comfort in their yacht, "The Kid" on Sunday and lunched with the "Maudes."

Members attending the Board of Trade meeting at Ganges from Mayne were Mr. Dalton Hill, Mr. Richard Hale and Capt. Maude.

Mr. W. T. A. Burditt married Mrs. Atkinson, of Westholme last week and returned with his bride to his new ranch which he purchased from Mrs. Jane Mouat, of Ganges.

Tod Inlet

The long, dark evenings are again with us, and we find that no lights have been installed at the Tod Inlet station. Complaints have been coming in from several people who are anxious to know why this matter has been overlooked.

Mr. L. C. Newlands, of Oswego, Ore., was a visitor to Tod Inlet on Friday last. Mr. Newlands has just returned from Chicago, where he spent some time on matters connected with his business. He also paid a brief visit to his parents at Kingston, Ont., before returning to the coast.

Several strangers have made their appearance in the village recently as a result of the opening of the Humberston Cement Works. Mr. Williams, a former employee at James Island, is now in the laboratory here, taking up the work of "testing" preparatory to entering upon that branch of the business at the Humberston factory, while four other men are being initiated into the kiln burning secrets.

Mr. Okell, a representative of the Mutual Life Assurance Co., was at Tod Inlet for a couple of days this week on business.

Tickets for the forthcoming card party, dance and musicale are meeting with such a ready sale that the organizers are greatly encouraged and are making extra efforts to see that all is in readiness for the "very best time" imaginable. A few surprises in the way of entertainment may be looked for.

Mr. John J. Kelly, who was accidentally killed at Baynes Lake, B.C., last week, was a former engineer at this place, having filled the position of chief engineer for some time.

Mrs. Barton is entertaining her sister this week.

MAILS ON MONDAY

The Sidney post office will be open next Monday morning from 9 to 10 o'clock. The outgoing mail will close at 5.30 p.m. as usual.

MEETING LAST NIGHT

A meeting in the Berquist Theatre last night in the interest of government control of liquor was attended by a fair audience. The weather was no doubt, was the cause of many people staying away. The meeting was addressed by Mr. Messrs. E. O'Reilly, R. W. Perry and C. Cross of Victoria.

West Saanich

Mrs. Fairall, of Victoria, spent the week-end with her sister, Mrs. J. W. Sluggett.

Mr. Rear, of the West Road, entertained his two grandsons over the week-end.

Mr. and Mrs. Gosling returned home on Saturday after several weeks' visit at their former home on the prairie. Having disposed of their property there they are now free to devote their time and interest to making a home in Saanich.

Quite a large crowd greeted the appearance of Mrs. A. E. Mitchell and Dr. E. A. Hall, of Victoria, when they spoke in the interests of the Prohibition Act at the West Saanich Hall on Monday evening. The meeting was opened by a piano solo, delightfully rendered by Mrs. Mayell, after which the chair was taken by Mr. Rear, who made a few brief and pertinent remarks before introducing the speakers. At the close of the meeting a vote of thanks and a motion of endorsement of Prohibition was offered by Mr. H. E. Tanner. This motion was seconded by Mr. J. W. Sluggett, and carried almost unanimously. The meeting then came to a close.

Mrs. H. Kirkpatrick, a former resident of Keating, and now of Quadra street, Victoria, received severe injuries on Thursday last when she missed her footing and fell the full length of the sidewalk. Her right shoulder was dislocated and the arm received a compound fracture. She was taken to the hospital, where her injuries were attended to, and is now at home under the care of Miss Cruise, an old friend of the family. Mr. and Mrs. Kirkpatrick had just returned the day previous from an extended visit to friends in Kamloops.

The dance which was held in the Temperance Hall at Keating on Friday evening was so enjoyable that, at the unanimous request of the young people, it was continued until 2.30 a.m., and a special collection was taken for the musicians. Mr. Perry provided the dance music and this speaks well for his popularity as leader of an orchestra. There will be another of these dances in the near future.

Mr. and Mrs. Lorne Thomson returned from Vancouver on Monday evening after attending the funeral of the former's father, Mr. John J. Kelly, who was accidentally killed while serving in the capacity of chief engineer for the Adolph Lumber Co., at Baynes Lake, B.C. Mr. Kelly was a resident of Esquimalt for many years and was well known both in Victoria and Saanich. The deceased leaves behind his widow, three daughters and one son, Mrs. E. Harkis, of Vancouver, Mrs. L. Thomson, of Saanich, Miss Doris Kelly, who is with her mother in Vancouver, and Mr. P. D. Kelly, of Abbotsford, B.C.

Mrs. Warner and son, of Victoria, spent the week-end with her parents, Mr. and Mrs. E. T. Lawrie, of Keating.

Mr. and Mrs. J. W. Duncan, of Victoria, Miss Marjorie Sinclair, of Vancouver, and Miss Rita Hicks, of Victoria, spent Sunday at the home of Mr. and Mrs. R. J. Parsell.

Mr. and Mrs. J. W. Duncan, of Victoria, Miss Marjorie Sinclair, of Vancouver, and Miss Rita Hicks, of Victoria, spent Sunday at the home of Mr. and Mrs. R. J. Parsell.

Mr. and Mrs. J. W. Duncan, of Victoria, Miss Marjorie Sinclair, of Vancouver, and Miss Rita Hicks, of Victoria, spent Sunday at the home of Mr. and Mrs. R. J. Parsell.

Mr. and Mrs. J. W. Duncan, of Victoria, Miss Marjorie Sinclair, of Vancouver, and Miss Rita Hicks, of Victoria, spent Sunday at the home of Mr. and Mrs. R. J. Parsell.

Mr. and Mrs. J. W. Duncan, of Victoria, Miss Marjorie Sinclair, of Vancouver, and Miss Rita Hicks, of Victoria, spent Sunday at the home of Mr. and Mrs. R. J. Parsell.

West Saanich W.I.

Mr. Murray MacKenzie, son of Mr. and Mrs. A. MacKenzie, of Saanich, has left for Portland, Ore., where he is attending the dental college. He was accompanied by his sister, Mrs. J. M. Waters, who will stay some time in Portland.

Mr. and Mrs. F. Forneri, of Sidney, Mr. and Mrs. K. T. Hughes and family, Victoria, were guests of Mr. and Mrs. Murray, Brentwood, on Sunday last. This was Mr. and Mrs. Forneri's first visit to Brentwood, and they were very enthusiastic about it. After inspecting the B. C. E. Co.'s power plant and feasting their eyes on the beautiful scenery, Mr. Forneri admitted that Brentwood was almost as good as Sidney.

Mr. Owens, police commissioner for Saanich, has taken a position at Bamberton, and he has moved his family over there.

A great deal of interest is being taken in the police hall, the first of its kind to be held in the district. It is for a worthy cause and it is hoped they will do well.

Much sympathy is felt for Mrs. Lorne Thomson in the death of her father, Mr. Kelly, who met with a fatal accident recently at Baynes Lake, B.C.

The Ladies' Guild of St. Mary's and St. Stephens' Churches are giving a dance in the near future for the purpose of raising money for repairs to the rectory. Good music is being engaged.

A prohibition meeting took place at the West Road hall last Monday evening, which aroused great excitement.

The death occurred at her residence, "Ranchockburn Farm," Mount Newton Cross Road, on Monday evening, of Mrs. Margaret Thompson, widow of the late Wm. Thompson, at the age of seventy-nine years and six months. Mrs. Thompson was born at Maddington, Scotland, and was the first white woman in Saanich, and had lived here for sixty-two years, being the last of the old pioneers. She was able to converse with the Indians in their own language.

Mrs. Thompson was the mother of a family of fifteen children, those who survive her being David, Charles, Alec, Walter, Robert and Jack. Thompson, Mrs. Alec MacKenzie, Mrs. Bissett, Mrs. R. L. Fraser, Mrs. H. P. Hughes and Miss G. Thompson. One son predeceased her two years ago. There are twenty-two grandchildren and six great-grandchildren. The funeral will be held this afternoon at 3 o'clock from St. Stephen's Church. Interment will take place at the family plot.

Mr. and Mrs. Wilfred Sharpe are at present at Kelowna, where they expect to make their home.

Mrs. Cecil Baker is in the Lady Minto Hospital suffering from lumbago. We wish her a speedy recovery.

Captain and Mrs. F. Richmond, of Gordon Head, have been the guests of Major and Mrs. Ellis, Ganges. Capt. Richmond has been looking at some property while on the Island.

Mr. Cecil Abbott has been in Victoria on business this week.

John Stark, of Alice Arm, where he has mining interests, is visiting Salt Spring.

Mrs. W. Harvey spent last week at South Pender Island as the guest of Major and Mrs. Pender.

Mr. W. J. Dukes is moving to the Langdon place.

Mr. J. P. Springfield is moving out to the place adjoining Mr. Gilbert Wilkes as the place where he has been residing has been bought by a returned soldier from Vancouver.

Mr. Eric Springfield is looking after Mr. Burkett's place while he is away. Mr. Burkett is expected to return shortly with his bride.

Mr. and Mrs. J. E. Burnett are moving into Ganges from their ranch for the winter.

Mr. Cecil Springfield has just completed his new home and moved into it.

The Methodist Ladies' Aid held their monthly meeting on Friday last at the residence of Mrs. A. W. Drake, who is now living in Mr. L. G. Tolson's pretty place. Fourteen members and four visitors were present. They decided to have a Halloween social at Mrs. J. Mouat's house on Friday, Oct. 29. Refreshments were served at the close of a very pleasant afternoon.

ing part in the programme were Mrs. Rosa Matthews, Mr. Montgomery, Mr. Rylands, of Victoria, and Bro. Watts gave a splendid recitation. The refreshment department was in the capable hands of Mrs. J. Crossley, Mrs. T. Lenthien and Mrs. A. McDonald. Mrs. W. Whiting furnished excellent music for the dance, the number of encores called for being evidence of the fact that her efforts were appreciated. There were about eighty people present, some fifteen of these being from Victoria.

All are looking forward to another of these enjoyable evenings.

The dance that was to have been held tomorrow evening under the auspices of the Sidney Lodge, A. O. U. W., has been postponed till a later date.

The success of anti-Bolshevik forces in South Russia continues and matters have now assumed "a serious aspect for the Bolsheviks." According to a Warsaw report the Russian Government has sent a peace delegate to the headquarters of General Wrangel.

The final results of the Queensland State elections can now be estimated. The government, headed by Premier Theodore, has a slight majority over the opposition. This majority, together with the support of the labor party (which is reasonably certain) will give the ministry an ample working majority. Premier Theodore's radical policy has lately caused British capitalists to refuse to lend the government money to develop a state steel plant.

The mining dispute in Great Britain is by no means settled; there is every indication that the last government proposal will be rejected. Strike notices—already once suspended—expire next Saturday.

At last! It has come. "Prices at last move downward." The September report of the Cost of Living Branch of the Labor Department shows a slight decrease for the month of September. The decrease is more apparent than real, however, the chances being seasonal, due to good crops and large supplies. Sugar is due for a drop, and Canadian refiners are "hollering their heads off" in desperation and fear at the prospect of a flood of cheap sugar from the States. The government is being urged to put into operation the "anti-dumping clause" to protect the refiners. The consumers don't count at any rate they don't holler loud enough.

The increased freight rates have caused an increase in the amount of cargo carried by water from Vancouver to New York, as a result, according to newspaper reports, water rates have increased. Oh, well! some day that dog will catch his tail. Some day.

The singles tournament for the Page Shield is now being played off by James Island tennis champions. In the first round the following games have been played:

Holland vs. Nobel, winner, Holland. Eyres vs. Grobb, winner, Eyres. Wolcott vs. Mott, winner, Wolcott. Pearson vs. Brown, winner, Brown.

The following games have yet to be played in the first round: Elkington vs. Richards, Hall vs. Simlar, Holyoke vs. Thompson.

The tournament is scheduled to be continued Saturday, Oct. 16, weather permitting.

The present holder of the Shield, Mr. J. S. Brown, who has successfully withstood all attacks for the past three years, is still going strong.

Mrs. W. R. Armstrong, of East Road, was thrown from her buggy while on her way home from town in the early part of this week, and as a result was badly shaken, but suffered no serious injuries. We are pleased to say.

We are improving all the time, and some day soon we will be able to announce that the required amount lay on hand. This week we received several donations:

Previously acknowledged \$17.25
Mr. A. Berquist 5.00
Mr. J. J. White 1.50
Mr. H. Loran 1.00
Miss W. Fatt 5.00

Total \$29.75

SUCCESSFUL SOCIAL

At the close of the regular business meeting of the Ladies' Aid, A. O. U. W., a Thursday evening (those present and a very good time was had. The program was well planned and the floor was well kept. The ladies indulged in the meeting of the Ladies' Aid.

NURSE QUESTION DISCUSSED

Question of District Nurse Discussed at a Meeting Last Thursday Night.

A fair audience greeted Mrs. MacLachlan, organizer of the Saanich Health Centre, last Thursday evening in the Berquist Theatre, when the matter of a district nurse was gone into very thoroughly by the speaker. In commenting, Mrs. MacLachlan emphasized the importance of nursing for the conserving and saving of child life. Last year, it was pointed out, there were 599 deaths in British Columbia among children under one year in British Columbia, and forty women died last year in British Columbia during child birth.

Lessons learned from the Great War Mrs. MacLachlan pointed out, gave the question national importance. One-third of the recruits in Canada were rejected as unfit, these defects being largely the result of neglect during childhood. Other countries were alive to the great importance of these questions, evidence of which is found in the fact that Great Britain, for instance, and the United States were spending millions to Canada's thousands.

In order to show the value of what can be accomplished by knowledge properly directed, the contrast between the Boer war and the Great War was mentioned. During the Boer war 65 per cent of the deaths were due to disease. During the Great War 5 per cent of the deaths were due to disease.

More people die in Canada yearly from disease, declared the speaker, than were killed during the Great War. The remedy: Apply the rules of health enforced in war time to the nation in peace.

In New Zealand, it was pointed out, has the lowest infant death rate in the world. In this country the district nursing system has been adopted. In Australia they give a maternity grant, but the death rate is higher.

Mrs. MacLachlan outlined the various stages taken in Saanich from the year 1915 until they became an important health centre.

The work of the nurse comprised the following duties: Supervision, care of babies, advice to expectant mothers, instruction, feeding, hygiene, including teaching the girls and fitting them for the most important business in the world—motherhood.

Mrs. MacLachlan outlined the various ways that may be adopted to secure a district nurse. One, which was strongly recommended, amended school law; school trustees could secure school nurse at a salary of \$125 per month; an advisory health committee to be formed to assist in securing finances to supplement the work of district nursing, supplies, transportation, etc. The Board of Education grant annually \$580. Another way would be the forming of a health committee, who would be responsible for the collection of the necessary funds to carry on.

Mrs. MacLachlan gave some interesting details of how the work is helped by question forms supplied to the children, and the forming of organizations amongst the children.

At the conclusion of the speaker's remarks, the following resolution was adopted:

"That the chairman nominate a committee to notify the various local organizations of the information secured and to ask for a representative delegate to be present at a future meeting to be called for the purpose of inauguration."

Mr. P. N. Tester, the chairman, appointed the following committee: Mrs. B. Deacon, Mrs. H. C. Layard, Mrs. Wilkinson, Mr. G. McMullen and Mr. P. N. Tester.

The meeting closed with a hearty vote of thanks to Mrs. MacLachlan.

Mayne Island

The guns this year have done fairly well. Mr. Jack Georgeson went out at 8 a.m. on Tuesday morning, bringing in a fine buck two hours later. Other parties have returned with a goodly show of birds.

We hear that the returned soldiers of the Gulf Islands are considering the proposition of putting up a jam factory on Salt Spring Island. We wish them every success in their venture. Now that there is a daily service plying between Victoria and Salt Spring, no difficulty should be experienced in obtaining a ready market for the jam.

Mrs. Macdonald, from Vancouver, is the guest of Mrs. Charles Macdonald.

Mr. A. Georgeson returned from Vancouver during the week, but remained here only a few hours, when he took the "Jana F." with Mr. John Deacon, Sr., and John Deacon to Stevestown.

The steamer New Era arrived Friday from the Genoa Mill with lumber for Capt. Waugh, Mayne Island, and Mr. Harford, of Galiano Island.

I am quite sure all the friends of Miss Joan Georgeson on Mayne Island join with me in wishing her every happiness on her engagement to Mr. Ralph, of Saturna.

Mr. and Mrs. Alf Watkinson (nee Miss Gerlie Jack) have taken up their residence at Ponditon for the present. Mrs. Watkinson writes in glowing terms of the climate and says the weather is perfect, just on the border, and only a light shower now and then; fruit in abundance, especially peaches. Just on the border.

Can we possibly imagine this after such a time as we have experienced of unceasing rains. But the weather prophet says we are at the end of a cycle of seven years of bad weather, so the outlook for next year is more cheerful.

Mrs. Gardiner is on the island staying with her mother, Mrs. Ho-

Galiano Island

Oct 11, 1920.

"The rain it raineth every day" well, not quite, but it does its best, and there is a fine big lake in the valley fields which is not usually seen before January. The sea-plane which passed over last week did not, however, attempt to alight there. It was flying pretty low, now and then disappearing behind filmy clouds of mist, and attracting a good deal of attention with the roar of its powerful engine.

During the week local farmers worked with heroic zeal to salvage submerged crops of potatoes in certain districts, a damp and muddy proceeding to say the least of it. Last week Mr. and Mrs. Arthur Kingsmill paid a visit to Mr. and Mrs. Bellhouse, Mr. T. Bellhouse and Mr. David Bellhouse also arrived home on the same day.

Mrs. Rose has returned to Oak Bay after a week's stay with her sister, Mrs. Steward.

Mr. and Mrs. Elverson left the island on Saturday to sail for England in the Megantic on the 16th, and will return in a few months.

Another separator has been imported by Mr. V. Zala.

On Saturday a buggy and buggy horse arrived on the Island Princess for Mr. Bellhouse.

The Harvest Thanksgiving service will be held on Sunday at 3 o'clock. Roadwork operations have ceased, and the condition of Galiano roads is better than ever. Besides the necessary overhauling of certain bridges and culverts, several permanent improvements have been made this year, the road by the store having been widened and a new piece of road having been completed. Visitors to the island have made very favorable comments on the island roads, which, in spite of recent heavy rains, still remain free from ruts, muddy pools and the usual rough places which one expects to find after bad weather.

Undoubtedly this pleasant state of affairs is largely due to the fact that the island has not been invaded by a single motor car or Ford truck up to the present time, and also to the fact that the heavy warrens all seem to have four-inch tires, and therefore do not cut up the roads as much as they otherwise might.

But apart from these facts, great credit is due to the experience and good judgment of Mr. F. A. Murcheson, who has been road foreman for so many years. When one finds it possible to walk five miles and more along an island road after weather such as we have been experiencing of late, had to arrive at the other end with clean boots, credit is bound to be due somewhere.

Children's Column

By Miss M. I. New.

Riddles.

1. Which is the best way to swallow a door?
2. Why is a school boy like a postage stamp?
3. Why is the letter W like a lady's muff?

The Little Girl Who Sang.

On the 6th of October, one hundred years ago, Jennie Lind was born in Sweden. Her family was very poor, and as there were eight other children besides Jennie, the little girl was sent to live with her grandmother. They lived together in one poor little room in the big city, and Jennie's granma used to go out to scrub, locking Jennie up while she was away. Jennie had not much to do to amuse herself, so she used to sit by the window and sing. What a beautiful voice she had! One day a lady heard her, and told a great singing master about her. They took Jennie to sing at the music school, and she sang so well that they told her she should have lessons. She was only nine years old when her lessons began, and for five years she studied and sang, and earned enough money to save quite a little sum. She had done too much singing and at the end of five years her lovely voice left her. A few years later everybody was surprised to hear that Jennie Lind could sing again, more beautifully than ever. She became very famous and sang all over the world. She was called the Swedish nightingale, and people loved her. She must have remembered the days when she was a poor little girl living in that poor room with her poor old granma, for when Jennie Lind was rich she was always generous. She gave away thousands of dollars every year, and she was specially kind to children. She died when she was sixty-seven years old.

ANOTHER GAME. Round the Ring.

When you want to run and there is nowhere special to run to, try this. Mark a large circle on the ground, and at intervals round it make a mark or place a small rock. Each player stands by one of these marks, on the outside of the circle. At the word "Go" all start running round the outside of the ring, trying to catch up the one in front of you. The player who is overtaken has to drop out of the game. It is very exciting, when only two or three run, and are left. The one who stays in the longest is the winner. Players can drop out if they feel too tired, of course. Don't make the circle

It's a Light Saver--- The Dim-a-Lite

Enables you to TURN DOWN your electric light like gas. Five changes of light, with a saving of 80 per cent on a 40 watt lamp. Fits any lamp socket, is absolutely reliable and is guaranteed for five years.

ANNUAL MEETING.

The annual meeting of the Sidney Water and Power Company was held in the company's office, Beacon Avenue, last Thursday afternoon. Capt.

Not long ago a little boy was standing in a warm corner close to the heater on his way to bed. His nightgown was of flannel, and all in the minute the little boy's clothing, as read, the auditors' report and who was in the room, seized his arm and dragged him out with the intention of putting him under the pump! Luckily, the mother, hearing screams, met them before they reached the outside door, and taking the boy in her arms she stifled the flames and saved his life. The question is, if you had been that girl, what would you have done? Remember this, flames burn upwards, and cannot burn at all unless there is air. So if your little brother catches fire, grab the nearest rug or coat and wrap it round him, throwing him on to the floor and rolling him up to quench the flames. Don't take him out of doors, and don't lose your head. If you catch fire yourself lie down and roll yourself over and beat out the fire with your hands.

Answers to Riddles.

1. Bolt it.
2. Because he gets licked and put in a corner to make him stick to his letters.
3. Because it makes arm warm.

The up-island locals of the United Farmers of Vancouver Island will hold a convention next Saturday and a banquet will be given in the evening. A session will also be held on Friday, during the afternoon and evening.

"I Wonder Would It Help Me?"

THIS question has been to answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Sleeplessness, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

Think of Her

It is an enormous task today for manufacturers of telephone equipment to maintain an adequate output. They are away behind in their orders, owing to shortage of workers, raw materials, inefficient transportation and other causes. In the meantime, Central is supplying service with the means at her disposal. She is working harder than ever, realizing that the telephone is a great factor in social and business life. To her belong the credit or assuming greater burdens because of shortage of equipment. When you telephone, think of her and what she is doing.

INSURANCE OF ALL KINDS

ALBERTA MARKETS

(From The Market Examiner, Calgary, Oct. 8, 1920)

MONEY.

The premium on American funds has dropped considerably from a week ago, and stood this morning at 8 1/2.

CATTLE.

During the week the market on steers at Calgary was down fully a dollar, but Wednesday and Thursday there has been a recovery, and prices are now \$8 to \$8.75 on the best, and good butchers \$7 to \$8. There is competition for the medium steers with the packers and feeders, and they are ranging \$6.50 to \$7.25 on the feeders, and the stocker steers \$5 to \$6.40. Cows were also much lower, and as yet are still under last week's prices, with the few good beef ones at \$5.50 to \$6.35; good butchers, \$4.50 to \$5.50; medium, \$4 to \$4.50; common and canners, \$3 to \$4; stocker cows are \$4 to \$5; stocker heifers \$4 to \$5.25. Everything else has come back to about last week's prices; bulls, \$4 to \$6.25; calves, choice, \$9 to \$10.65; common \$5 to \$9. American markets are improving, and as cattle from the old range area can now be shipped on inspection, the market may improve.

After some ups and downs during the week, the Edmonton prices on steers are around last week's quotations again, with a scarcity of top quality steers, but indications are that the really good ones would bring \$7.50 to \$8; but most of them classing as good butchers going from \$6 to \$7, and the medium and common ones getting in the feeder classes, and as the latter, are bringing from \$6.50 to \$7.50. The cow market is lower, and the best cows, which are not too good, are \$6.25 to \$6.50; good butchers, \$5 to \$6; medium, \$4.50 to \$5; common and canners, \$3 to \$4.25; stock cows are \$4 to \$4.50; stocker heifers, \$4.25 to \$5. The market on bulls has been a little easier, and the best ones are selling for around \$5.25. Calves are keeping about the same price, with the best up to \$9 and the common ones \$6 to \$8.

HOGS.

There has scarcely been enough hogs in Calgary to make a market, and sales have been holding at last week's price, \$24.35. This morning the price was down to \$24.

There has been a little weakness in the hog market at Edmonton, and the sales yesterday were \$21.25 to \$22.25.

SHEEP.

Quite a lot of sheep going through the yards, and prices unchanged, except on wethers, which are a little lower. Lambs, \$8 to \$11; wethers, \$7.50 to \$8.25; ewes from \$7.25 down.

Sheep receipts at Edmonton have been moderate during the week, and prices are about as previously quoted, with the wethers from \$8 down, ewes, \$7 down, and lambs a little weaker and probably around \$9.50.

GRAIN

Wheat prices especially, and other grain prices generally, have shown greater weakness during the present week than has been experienced for years in a similar period. Some of this is attributed to the heavy fall receipts, and in addition there are reports which show that the world supply of wheat will be taken care of by the yield of this crop year. The question at present supply and demand—what the future may be—has for the time being dominated the market. There are reports from Chicago that representatives of farmers' organizations in some of the states are contemplating co-operative marketing to handle the U. S. grain crop, and there are also suggestions from some of the states that there should be an embargo against Canadian wheat. Of course, with the present decline there is the demand for the revival of the Canadian wheat board. During the period when grain was short in the world, they made more money for the farmers than they had anticipated. Whether they could repeat their business tactics in a year when there is not a shortage is one of the points that seem doubtful. At present the grain situation is very discouraging to the producers.

PRODUCE

Sweet cream is getting scarce with the advancing season, and the price at Calgary has been advanced to 82c. Dairy butter is still scarce, and the prices are increased, with fancy table 48c to 53c, straight receipts 44c to 48c. Milk flow is decreasing, and indications are that the movement of dairy butter from now on will be light. The country towns took large supplies of the good quality last winter, and will likely do so again. Creamery prices are unchanged, and if New Zealand shipments now on the way to Vancouver should be the only arrivals, indications are that Alberta prices will advance. No. 1 and No. 2 cartons are still quoted 58c to 62c, with car lots on basis of 58c. Poultry receipts light and market steady, with fowl 20c to 23c; chickens 26c to 30c. Demand moderate. Potatoes are held at higher values by shippers, with quotations at country points as high as \$33; little movement in southern Alberta; Edmonton quite active.

HIDES

Market poor and prospects not improved; butcher green salted now 7c to 9c; green hides 5c to 7c; kips 8c to 10c; calf 10c to 12c.

HAY.

Movement very light, and the track price at Calgary is around \$28.

Canadian Quiz Corner

(Copyright: Canadian Facts Publishing Co.)
 INSTALLMENT NO. 1

We present this week a new and unique feature that will be repeated week by week and that we predict will arouse unusual interest. It will be a sort of Catechism on Canada, with a series of Questions one week, and their answers, with another set of Questions, the following week.

They will not only prove a stimulating test for our readers, but provide a mass of information regarding the Dominion of great interest. We would advise our readers to make a scrap-book of the series, and, when indexed, they will have a volume of exceptional value.

The questions will cover a wide range of subjects and every part of the Dominion. They will reveal how much—or how little—you know of your own country.

If you are a school teacher, why not use them in your class room? Or why not make a home entertainment or exercise out of them? There are scores of ways in which they can be utilized to great advantage.

THE FIRST SERIES OF QUESTIONS.

The Questions will be numbered consecutively. Here are the first twelve. The answers, with other queries, will appear in our next issue.

Question No. 1—Where did the name "Canada" come from?

Question No. 2—What was Canada's war enlistment and casualties record?

Question No. 3—How much of the

area of the British Empire is found in Canada?

Question No. 4—How much cultivatable land has Canada?

Question No. 5—Did slavery ever exist in Canada, and if so, when was it abolished?

Question No. 6—How many Canadian parliaments and legislatures are there in Canada?

Question No. 7—How many min-

erals are found in Canada?

Question No. 8—What was the first vessel to cross the Atlantic under steam? and when?

Question No. 9—How many Canadians were enrolled in the naval service during the war?

Question No. 10—What proportion of trade does Canada have with the United Kingdom and the United States respectively?

Question No. 11—What is the origin and history of Empire Day?

Question No. 12—What is the Moncton tidal bore?

Replies to the First Seven Questions Are Given Here as Samples, for This Week Only. Nos. 8 to 12 Will Be Given Next Week.

Answer to Question No. 1—The name "Canada" is probably derived from the Huron word "Kanada," which means "a village or settlement." The early French writers used the term "Canadien" to designate the Algonquin tribes on or near the St. Lawrence, as distinguished from the Algonkin and Micmac. Jacques Cartier applied the name Canada to the country adjacent to Stadacona (Quebec), the chief of which he designated as "the King of Canada."

Answer to Question No. 2—Canada's enlistment in the war approximated 600,000. Total casualties, up to June 30, 1920, 215,185, 61,723 of whom died in action or from other causes.

Answer to Question No. 3—Canada contains one-third of the area of the British Empire. Canada is therefore Britain's largest overseas Dominion.

Answer to Question No. 4—Canada's land area, within her nine provinces alone, is 1,401,000,000 acres, of which 31 per cent., or 440,000,000 is fit for cultivation. Of this area only 110,000,000 acres are occupied, and 34,000,000 acres are under cultivation. Canada has therefore immense areas awaiting tillage.

Answer to Question No. 5—Slavery once existed in Canada. Upper Canada, now Ontario, can boast of being the first country under the British flag to abolish slavery, which was done by Act of the Upper Canada Legislature in 1793. An Imperial statute of 1833 removed all remains of the system in Canada. The first recorded sale of a slave was at Quebec, in 1628, when a black boy from Madagascar was sold for 50 half crowns.

Answer to Question No. 6—Canada has one Federal Parliament and nine Legislatures, one for each province. These, including the Canadian Senate, have 880 members.

Answer to Question No. 7—Canada has every known mineral of commercial value, excepting tin. She leads the world in the production of nickel and asbestos, and also ranks high in gold and silver.

Local and Personal

Mr. G. Sangster, of North Saanich, is having a silo erected at his farm.

Mr. Merchant, we will be pleased to receive your contribution to the lighting fund.

Mr. N. J. Dunlop and Mr. Hine, of the B. C. Telephone Co., paid a flying visit to Sidney last week.

The steamship Edna Grace, Capt. Barlow, of Victoria, was in port last Saturday with a scow for the Sidney Mills.

Mrs. Watt and her two children, of Victoria, spent the week-end in Sidney as the guests of her sister, Mrs. Waterston.

Mr. A. J. Campbell has returned from Banff, where he has been employed on the International Boundary Commission.

Mr. S. H. Mitchell, secretary of the Alpine Club of Canada, has returned from Banff where he had been during the past summer.

Mr. W. D. Mitchell, of Keating, purchased one of the yearling bulls which arrived at Patricia Bay last week from the Island of Jersey.

Mr. L. Thompson, of the International Boundary Commission staff, has returned from Banff. Mr. Thompson has gone to Victoria for a few weeks.

Myrtle Wilson, the 10-year-old daughter of Mr. and Mrs. T. W. Wilson, had her ankle broken last Tuesday afternoon owing to a large block of wood falling on her.

Mrs. James Rae, Miss Kate McGregor, Miss Annie Clarke, of Victoria, and Miss Edna Scott, of Seattle, spent the week-end with Mr. and Mrs. G. W. McMullen.

The steamship Harriet E., Capt. Roberts, and the steamship Wolney, Capt. H. Slack, of the Sooke Harbor Fish and Packing Co., of Sooke Harbor, were in port last Monday.

Miss Kate McGregor, the well-known vocal teacher of the B. C. Academy, has been prevailed upon to visit Sidney one afternoon each week. Anyone interested may phone 60M.

Mrs. W. Coward, who has been visiting her daughter, Mrs. T. W. Coal, Shanawan, Man., returned to Sidney last Sunday, accompanied by Mrs. Coal, who will remain here for the winter months.

Mr. L. McClintock, who has been on the staff of the Sidney branch of the Merchants Bank of Canada for some months, left here yesterday for Calgary, to which place he has been transferred. "Mc" has a large number of friends here who wish him well.

The North Saanich Women's Institute, who are superintending the supper at the dance to be held on Oct. 19 by the Sidney Athletic Association, request all mothers and wives of the members of the Athletic Association to bring or send cakes to the Berquist Hall on Tuesday afternoon.

The steamship Swell, Capt. Olsen, of Victoria, called at this port during the week to clear for Vancouver, and picked up an acid barge at James Island on her way. She arrived here from Bellingham, where she had delivered two scowloads of coal from Ladysmith.

The North Saanich Women's Institute will hold a Five Hundred drive, to be followed by a short dance in the Berquist Hall on Friday evening, Oct. 22, at 8 o'clock. This entertainment will be held in aid of the Navy League. All members are requested to bring cakes. Admission 50c.

A number of Sidney pupils of Mrs. Bridges, of Victoria, will take part in a piano recital which will take place this evening in Victoria. The Sidney pupils taking part are Miss Phyllis Whiting, Miss Margaret Veltch, Miss Rena Hambley, Miss Adeline Crossley, Miss Florence Hambley, Miss Verna Clanton. An

original value composed for the recital by little Florence Hambley will be given during the evening.

The Sidney Athletic Association will hold a dance in the Berquist Hall next Tuesday evening.

Owing to the fact that the Comrades of the Great War had made arrangements for the Berquist Hall on Armistice Day, Nov. 11, and had their committees appointed, the I. O. D. E. will not hold their proposed dance on that date. They will, however, act in conjunction with the Comrades in decorating the hall and superintending the refreshment department on that evening.

An open meeting will be held by the North Saanich Women's Institute on Friday, Oct. 29, in the small Berquist Hall at 2.30 p.m. Mrs. Jones-Evans, late Science Teacher, of Liverpool, Eng., will address the meeting and give a demonstration on salad making. A cordial invitation is extended to all ladies of the district to attend. A silver tea will be served in connection with the demonstration.

The Ladies of St. Elizabeth Roman Catholic Church announce that their sale of work, which had been advertised to take place Nov. 5, has had to be postponed till the following day, Saturday, Nov. 6. The ladies are working very hard on Christmas novelties, and they also intend having home-made cookery on sale.

Mr. Charles Cullin, an old-time lacrosse player and a member of the 1843 Victoria team, which toured the East, was in Sidney visiting old personal and athletic friends during the past week. Mr. Cullin is now farming in Washington, but expects to sell out and return to Vancouver Island's glorious climate to make his home.

Mr. Jas. Sansbury, of Sidney Island, has returned home after a short trip to Seattle where he had gone to meet his wife, who had been away on a seven months' vacation in England. They have taken up their residence on Sidney Island, where Mr. Sansbury is an employee of the Sidney Island Brick and Tile Company.

Mr. and Mrs. Albert Sansbury, of Hamilton, Ont., are out on the coast on a visit to his brother, Mr. J. Sansbury, of Sidney Island. As the coast appeals to Mr. and Mrs. Sansbury very much it is likely they will make their home in Sidney or some place on Vancouver Island. During their stay in Sidney they registered at the Sidney Hotel.
